

BOARHUNT PARISH COUNCIL – GRANT APPLICATION - AWARDING POLICY INFORMATION

Boarhunt Parish Council welcomes applications for grants from local groups and organisations.

The council has relatively small funds, and these are derived almost entirely from the households in the village through the council tax. The council is therefore keen to ensure that any grants awarded are used for the maximum benefit of villagers.

There are few restrictions on the type of project that the council will consider supporting (but note it cannot give grants to individuals or to businesses). Decisions will be based on the benefit that will accrue to villagers and the needs of the group or organisation requesting the grant.

Grants are more likely to be given to organisations that would be unable to undertake the proposed project without support from the council than to those that have the necessary funds within their organisation or can obtain them elsewhere.

Applications for a grant should be made on the form, which can be downloaded from Boarhunt Parish Council's website at www.boarhuntparishcouncil.org or obtained from the Clerk to the Parish Council, email: boarhuntpc@gmail.com or Tel: 0755 711 8073.

Completed application forms, together with the documents specified in the Grant Application Form should be returned to the Clerk by email to: boarhuntpc@gmail.com
